

XIII ENVIRONMENTAL CONFERENCE

«Environmental justice: Rethinking capitalism to avoid collapse»

This conference will delve into how environmental law, alongside a profound rethinking of the economic model, can serve as pivotal tools to foster urgent and effective actions in addressing the current environmental crisis.

June 4, 2025, from 10:00 to 13:30
Aula Magna, Historical Building, University of Barcelona (UB)
(Streaming: Follow the event live on UB's [YouTube](#) channel)

To participate in person at the conference
